The following Fiscal Impact Statement and Bill Analysis are prepared for the benefit of the members of the General Assembly, solely for purposes of information, summarization and explanation and do not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.

OFA Fiscal Note**State Impact:**

Agency Affected	Fund-Effect	FY 16 \$	FY 17 \$
Department of Motor Vehicles	TF - Registration system account - Revenue Gain	1,200,000	1,200,000
Department of Motor Vehicles	TF - Registration system account - Cost	50,000	550,000

Note: TF=Transportation Fund

Municipal Impact: None**Explanation**

The bill: (1) prohibits the Department of Motor Vehicles (DMV) from issuing or renewing a motor vehicle registration until an individual has complied with all DMV registration laws, (2) creates a non-lapsing account within the Special Transportation Fund called the registration system account and (3) increases a motor vehicle registration by \$1.50 to be deposited into the registration system account to be used for all administrative costs for the provisions of the bill.

Section 1 of the bill would result in a cost to DMV of up to \$50,000 in FY 16 for reprogramming costs and approximately \$550,000 in FY 17 for postage to mail out registrations. It is anticipated that DMV will mail out approximately 1 million renewal registrations each year and these costs will be paid from the registration system account.

Section 2 of the bill would result in a revenue gain to the registration system account of approximately \$1.2 million each year due to the

increased fee of \$1.50 on each motor vehicle registration.

The Out Years

The annualized ongoing fiscal impact identified above would continue into the future dependent on the number of motor vehicle registrations.

OLR Bill Analysis**sHB 6500*****AN ACT CONCERNING A TWO-PART MOTOR VEHICLE REGISTRATION SYSTEM.*****SUMMARY:**

Starting January 1, 2017, this bill prohibits the Department of Motor Vehicles (DMV) from issuing or renewing a motor vehicle registration for anyone registering or leasing a vehicle unless it receives proof that the applicant has paid his or her motor vehicle property taxes and complied with certain other laws. By law, DMV must send registration renewal applications at least 45 days before the registrations expire.

It requires, starting July 1, 2015, that (1) individuals registering certain motor vehicles pay an additional \$1.50 to cover the cost of establishing this registration system and (2) the DMV commissioner to deposit this money in a separate account the bill creates in the Special Transportation Fund (STF).

EFFECTIVE DATE: July 1, 2015

PROOF OF COMPLIANCE

Starting January 1, 2017, before issuing a new or renewed registration, DMV must receive adequate proof that a motor vehicle owner or lessee has:

1. complied with the motor vehicle registration law;
2. current insurance or a current insurance identification card;
3. paid (a) his or her motor vehicle property taxes and (b) fines owed for at least six unpaid parking tickets (see BACKGROUND); and

4. complied with the motor vehicle emissions testing law.

REGISTRATION SYSTEM ACCOUNT

The bill creates, starting July 1, 2015, a \$1.50 fee for registration of:

1. passenger vehicles;
2. school buses;
3. vehicles seating more than 10 passengers, and not used for hire;
4. passenger vehicles with combination plates (used for both private and commercial purposes);
5. pick-up trucks weighing less than 12,500 pounds not used in part for commercial purposes;
6. electric motor vehicles;
7. vehicles bearing vanity license plates; and
8. high mileage vehicles.

The commissioner must deposit the money in a “registration system account,” a separate, nonlapsing account the bill creates in the STF. The commissioner must spend the money in the account to establish the bill’s registration system.

BACKGROUND

Unpaid Property Taxes and Parking Fines

By law, if a town reports to DMV that someone is delinquent in paying his or her property tax on a motor vehicle or snowmobile, DMV cannot register or renew the registration of any vehicle, snowmobile, all-terrain vehicle, or vessel the individual owns until the delinquent taxpayer has discharged his or her obligation (CGS § 14-33 (a)).

Municipalities may also take part in a program in which they notify DMV when a motor vehicle owner has more than five unpaid parking

tickets in the municipality. DMV cannot issue or renew the individual's registration until the fines have been paid (CGS § 14-33 (c)).
